14th November, 2013.

Dear Parents,

In Years 5 and 6 as part of Personal Health and Development students investigate the area of Human Sexuality. We have organised a parent/child evening to be conducted by Cathy Kerr from Community Health. All parents and children are strongly encouraged to attend this evening as Cathy will be introducing all concepts that are part of the PDHPE curriculum.

Areas that will be covered by Cathy include:

- Labelling both reproductive organs with the correct terminology;
- Changes that occur during puberty;
- Hormones; and
- Menstruation.

This information evening will be held in the school hall on Thursday 5th December at 6:30pm.

Parents are most welcome to contact Cathy at the Community Health on 63828700 for more details or to preview the materials she will be presenting.

All parents and children are again strongly encouraged to attend. If you have any queries do not hesitate to contact your child’s classroom teacher.

Kind Regards,

Stage 3 Teachers.
